Deluxe Tortoise Starter Kit Set Up Guide

1

Remove the items from Starter Kit box.

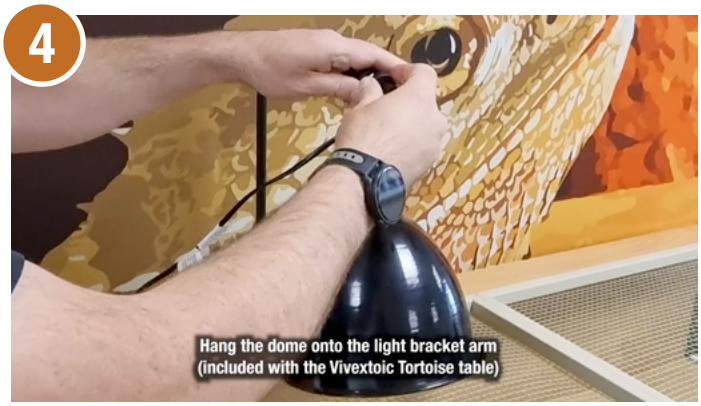
2

For this set up we're using the Vivexotic Deluxe Tortoise Table

3

Install the Solar Glo bulb into the light dome

4



Hang the dome onto the light bracket arm (included with the Vivextoic Tortoise table)

5

Secure with the sliding rubber stops

6

Use the clips to hold the wire in place

7

We can now add the substrate to the table

8

9

Add the Plantation Soil to the Stone Desert and mix together
